

14 Years Ago Today

From The Herald of This Date, 1904.

It is feared by naval officials that Capt. Robert E. Peary has sacrificed his life in an effort to discover the north pole, as no word has been received of the ship, Roosevelt, which sailed for the arctic regions July 16, 1905.

In New York the suffering from the intense heat continues unabated and the parks are filled with the people who are unable to get any sleep indoors.

Yesterday afternoon Derby Ford's horse was killed by a live electric wire near the Southwestern roundhouse. Mr. Ford and his family were returning to their home near Fort Bliss when the horse struck the wire, which was hanging in the street. The occupants of the buggy escaped injury.

Mayor Charles Davis was confined to his home today with a slight cold. John Houghman, of 112 South Florence street, has just secured a patent on an air compressor, which he is confident will revolutionize the manufacture of power.

According to assistant jailer Parker Burham, there is not a prisoner in the city jail today. There was no police court this morning and Judge Syler and prosecuting attorney Dan Jackson were notified by telephone that there was nothing doing.

Mrs. A. P. Cole has returned from Station, N. M., where she has been visiting. Mrs. Ella Jones Sherrard.

Mrs. Haymon Krupp and children have returned from a visit to the east.

WHY 300,000 BABIES DIE YEARLY IN THE UNITED STATES

Three hundred thousand babies die yearly in the United States—most of them from digestive disorders.

Causes are overfeeding, disregard of the first dangerous symptoms, and the little one is soon in distress.

If it gets well it is fortunate. But what of the three hundred thousand? Nature intended that these little ones should live long lives of usefulness and happiness.

And there is no reason why the most of them should not, if we use watchful care in the light of proven knowledge.

For more than thirty years War's Baby Powder has been saving babies' lives.

It is not a soothing syrup, filled with dangerous narcotics. Nor is it a purgative. Purgatives disturb the entire system by their violence, and cause the baby pain and discomfort.

It is an antacid remedy which cleanses and purifies the little one's stomach and bowels, and brings it back to health.

War's Baby Powder is safe. If the contents of an entire bottle were in your baby's stomach at once it

QUESTIONS AND ANSWERS

Q. To what lodge does senator Warren Harding belong? H. L. E. A. Senator Harding belongs to the Moose, Odd Fellows and Redwood organizations.

Q. What does the term "south-west" mean? D. E. This is a slang phrase meaning left handed.

Q. We settle an argument, do people die a natural death? D. E. A. The public health service states that all deaths from disease are spoken of as natural causes of death. Other causes of death are those resulting from accident or violence.

Q. In a sparrow hawk attack poultry? W. A. A. Sparrow hawks occasionally seize young chickens, but their depredations in that direction are of little consequence.

Q. What is the English expression for "state's evidence"? A. M. P. A. In England this is known as "king's (or queen's) evidence."

Q. Who was known as "the Bob-bin Boy"? H. L. D. A. This was a nickname given to Nathaniel Trembley Banks, of Massachusetts at the time its governor, and for many years a member of congress. He was speaker of the house of representatives for a session, being chosen on the 13th ballot. In his many years the trade of a machinist and worked in a factory; hence the nickname.

Q. Is the sugar found in cow's milk as sweet as cane sugar? A. V. A. Cane sugar is many times as sweet as the sugar of cow's milk.

Q. What was the difference between Pilgrims and Puritans? H. R. N. A. Pilgrims were Separatists and were associated as a distinct church before they left Holland. A principle of their church was that the state had no right to punish for spiritual sins. The Puritans, though non-conformists, were not separated from the established church. Their scruples were against conforming to many of the ceremonies of that church.

Q. When were fireworks first used? R. C. B. A. It is supposed that fireworks were first used by the Chinese. They were known there as early as the eighth century and were introduced into Europe in the 14th century.

Q. How many eggs does the bald eagle lay and how long does it take them to hatch? A. G. The American bald eagle lays its eggs once a year, usually too in number. The period of incubation is about one month.

Q. Is the government of the United States going to cooperate with Canada in building the St. Lawrence Ocean Ship Canal? W. H. E. This canal was to have been built by the United States and Canada, but the project was investigated by Canadian and United States engineers and disapproved.

Q. What were "Minerwas"? H. F. A. This was a name given to the headmen of the Scottish kings. In ancient times a headman was a person employed to pray for another. In Scotland they were given a small royal bounty, but they degenerated into a class of authorized beggars.

Here Are a Few Hints for Washing the Hair.

washing. It is necessary, first of all, to wash the hair with soap. You go over the hair with soap, you cut through the accumulation of oil and dirt, but you do not get it all out. You should begin again with a fresh basin full of water, and go over the hair a second time with soap. In many cases it is necessary to use the soap a third time before the hair is quite free from oil and dirt.

With the oil out it is easier to rinse off the soap. The first rinse water should be a little hotter than the water previously used for washing, and each succeeding rinse may be gradually cooler. If you have running water and can attach a hose to the faucet, this is the ideal way to clear the hair of every particle of soap. If you haven't, at least five basins will be necessary. If you are ever in doubt, rinse the hair again, for too much rinsing cannot be harmful and too little is certain to be.

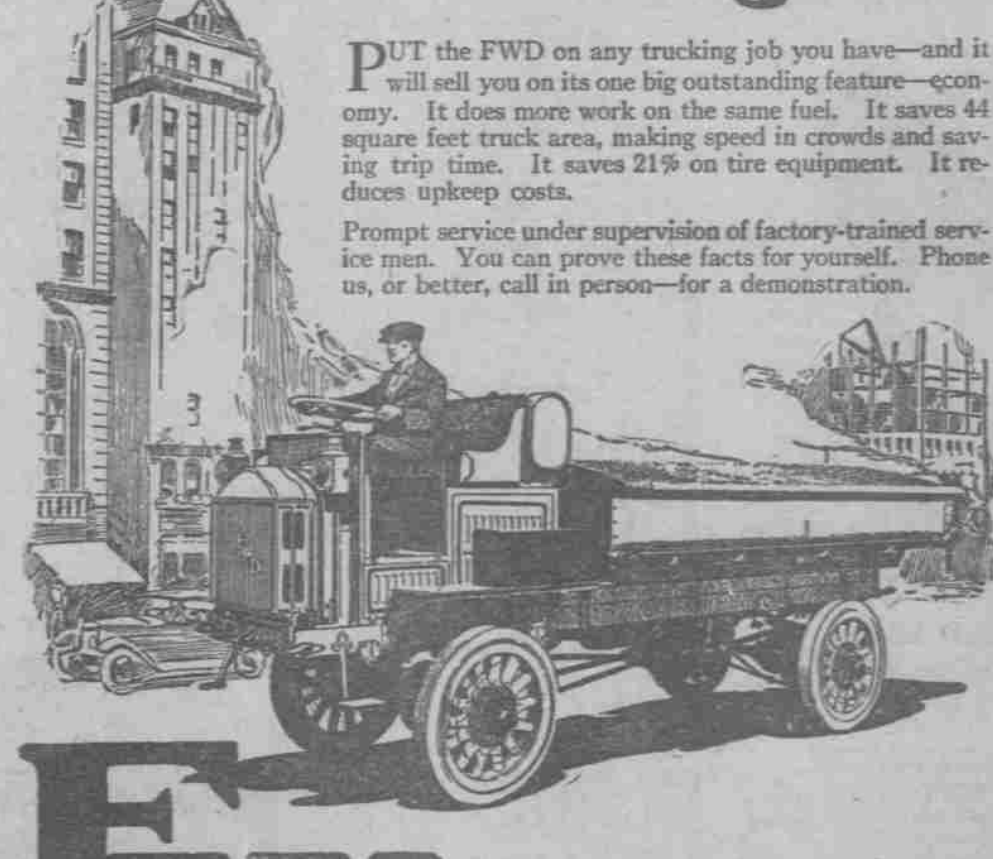

Auburn—It is very hard for a girl having auburn hair to avoid freckles, because her skin is the sensitive sort that marks itself. I would suggest that the best thing for you to do is to avoid freckles by wearing wide-brimmed hats with dark facings, and by filling the skin with cream and powder before going into the sun. But this sort of thing is always a bother and freckles are not really ugly.

Do not remove the hair on the arms. You might reach them by using peroxide on the skin occasionally, but they cannot be very prominent on a person of your complexion.

Developing and Printing. When it comes to the question of getting quality work in the developing of Kodak films, you need not hesitate to bring your work to us. Your negatives will be developed to the point to get the greatest contrast and the clearest print. Bring your next roll of film to us and we will do our best to make you a permanent customer at once.

GIRLS! A MASS OF WAVY, GLEAMY BEAUTIFUL HAIR

Let "Danderine" save and glorify your hair

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then mistle a soft cloth with the Danderine and draw this through your hair taking one strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous, fluffy and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine cost more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful—Ady.

WATCH THE COLOR OF YOUR SKIN

Yellow Means You Need Calomel, the De-Natured Calomel Tablet That Is Purified From Nausea and Danger.

Feel mean, look yellow? Your liver is out of line! The poisonous bile is being retained in your system. You need a good dose of calomel, for it is the only thing that will cleanse the liver and purify the system. Calomel contains all of the valuable medicinal qualities of calomel but is freed from the unpleasant and dangerous effects. One tablet at bedtime, with a swallow of water—no nausea, no pain, no griping, no stomachic. You wake up in the morning feeling fine, with a clean liver and a hearty appetite. But what you please—no danger.

Calomel is sold only in original sealed packages. Price, thirty-five cents. The smallest medicine in the world, the smallest medicine, the smallest medicine. So fine that your druggist is authorized to refund the price of a glass of water if you will be thoroughly delighted with Calomel—Ady.

Hood's Sarsaparilla
Makes Food Taste Good

Creates an appetite, aids digestion, purifies the blood, promotes assimilation so as to secure full nutritive value of food, and to give strength to the whole system.

HEAL SKIN DISEASES
Apply Zerno, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zerno, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching texture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zerno is a wonderful, penetrating, disinfecting liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

CORD TIRES THAT CAN'T PUNCTURE

THERE'S only one really puncture-proof pneumatic—the Lee.

Users of Lee Fabric Puncture-Proof Tires urged the making of a Lee Cord Puncture-Proof. Car owners generally hoped for its coming. Endless experiments to combine the exclusive Lee Puncture-Proof feature with Cord construction were finally successful. Then, before the tire was offered to the public it was subjected to 18 months of continuous heart-breaking road tests to prove that Cord economy and Cord resiliency were preserved.

Tread troubles—so common to Cord tires—were practically eliminated; the tread became as strong and long-lived as the rest of the tire.

They're here now—Lee Puncture-Proof Tires—Fabric or Cord—each alone in its class.

Cut the cost of mileage with Lee Puncture-Proofs.
